

WHILE OTHERS ARE STILL GUESSING WE FIND SOLUTIONS

Task our skilled and experienced engineers with your most complex and difficult elastomeric parts.

We specialize in
complex engineered
rubber components,
composite components
and more.

OUR MANUFACTURING SOLUTIONS INCLUDE: R&D, Design, Mixing, Fabrication and Testing. Custom engineered rubber solutions from simple to very complex parts. NVH applications, rubber to metal bonding.

MARKETS SERVED: Powersports, Agricultural, Industrial, Defense and much more...

Contact us and find out how we can solve your elastomeric and structural weight problems.
